

Designer Partnership

Pixel-perfect dev your clients will think you wrote yourself.

From EUR 1,750 / landing page - EUR 2,800 / Embedded Studio Week

WHAT YOU GET

- Pixel-perfect implementation of your Figma file
- Astro or Next.js build with Tailwind, accessible by default
- Headless CMS integration (Sanity, Storyblok or Decap)
- Core Web Vitals + Lighthouse > 95 on launch
- Clean Git repo with documented components

HOW IT WORKS

- Brief + NDA: You share the Figma, I return a fixed estimate in 48h
- 1-3 weeks per project
- First cut: Real HTML on a private staging URL, no Lorem Ipsum
- Design QA: We walk through together on Loom or live
- Handover: Repo, deploy pipeline, CMS access - all in your studio's name

INCLUDED

- Loom walkthrough at handover
- 2 weeks free post-launch bug-fix cover
- White-label NDA signed before I see the file
- Fixed-scope, fixed-price invoices
- Repo is yours from day one
